INTERVIEWS

fischertechnik Newsletter

SUBSCRIBE AND WIN!

Register by June 30th, 2022 via the QR code on the left or via www.fischertechnik.de/en/newsletter-competition for the fischertechnik newsletter, take part in the competition and with a bit of luck one of three Robotics Hightech will soon be yours! You can activate the nine models included in the kit, among other things, with the help of the TXT 4.0 Controller, in conjunction with the ROBO Pro Coding software, even with voice control. The four Omniwheels are the absolute highlight of the kit, because they allow the models to move in all directions.

Here's how it works:

1. Scan the QR code on the left or visit the website www.fischertechnik.de/en/newsletter-competition
2. Fill in the competition form there.
3. Confirm terms and conditions, privacy policy and your minimum age of 16 years. If you are younger than 16, you can ask your parents to participate on your behalf!
4. By clicking on the button „Enter the competition now“ you are automatically in the lottery pot, even if you are already a newsletter subscriber. If you don't receive the newsletter yet, we will send you a newsletter registration email to the email address you provided - if you confirm this, you will also be entered into the competition!

Be the first to find out what's new with us, receive special birthday discounts (from June 2022) that you can redeem in the online store of our sales partners for your desired construction kits and never miss a special promotion again. You will also receive our online editions of Fan Club News here.

NEW IN 2022

Are you already curious about the fischertechnik novelties in 2022? Here you can read in detail what we have come up with for you this year!

CONSTRUCTOR

Age: 5+

Pieces: 68

Models: 8 (Propeller plane, Truck with crane, Excavator, Helicopter, Truck with gripper, Fire engine, Double-decker, Tow truck)

Highlights: Fast building success, playful models & ready assembled fischertechnik manikin (fischertechnikNik).

Age: 5+

Pieces: 153

Models: 12 (Truck, Wheel loader, Helicopter, Fire department, Solarpowered boat, Wind turbine, Loading crane, Buggy, Solar helicopter, Flying taxi, Double-decker plane, Gantry crane)

Highlights: Fast building success, playful models & ready assembled fischertechnik manikin (fischertechnikNik).

ENGINEER

Age: 7+

Pieces: 294

Models: 8
(e.g. Wheel of Fortune, Maze, Roulette)

Highlights: The first fischertechnik construction kit with family games! Great fun for the whole team, because the individual games can be quickly converted to the next. Who hits most accurately, who is the fastest, who has luck on his side? Find out together!

BUILD YOUR OWN GAME

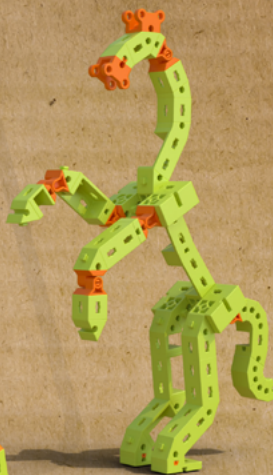

*from July

BIOBASED Animal Friends

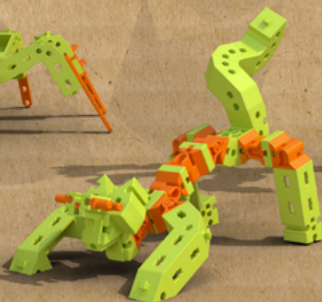

Sammy
the spider

Henry
the horse

Cleo
the cat

Sandy
the scorpion

Larry
the lizard

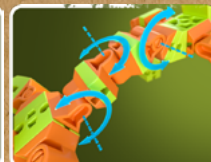

Age: 5+

Pieces: 153

Models: 5

Highlights: New colors & for the first time fun animal models whose material consists of at least 60% renewable raw materials.

Age: 7+

Pieces: 261

Models: 3

Highlights: Pneumatic cylinder with check valve, hand valve, pneumatic hose, adapter for PET bottle & **three** water syringes for the vehicles with steering.

*from July

FIREFIGHTER

SEILBAHN / CABLE CAR

Age: 7+

Pieces: 266

Models: 3

Highlights: Realistic tire drive & 6 meter long ropes that can transport the gondola including fischertechnik throughout the room! You simply attach the stations with the included vacuum pad to the cabinet, table...

*from July

Via the Bluetooth Control App you can control your models via smartphone or tablet - from up to 10m away! Due to the Bluetooth technology, it is possible to use several control sets in one room without them interfering with each other.

CONTROL SET

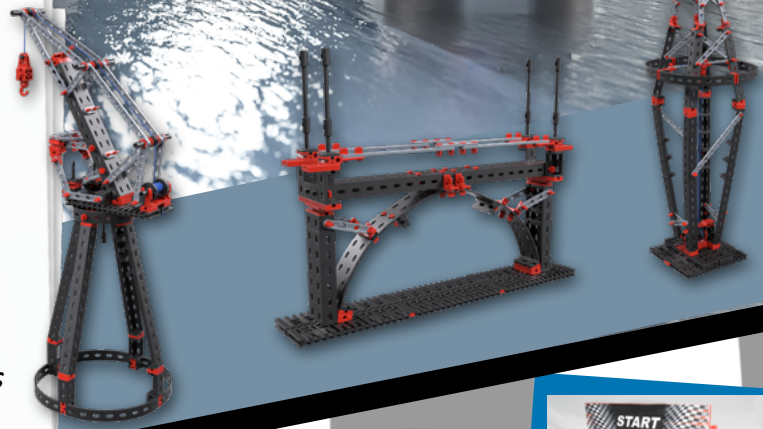

STATICS

Age: 8+ **Pieces:** 364

Models: 11 (Harbor crane, Tower Bridge, Eiffel Tower, Lookout tower, Arched bridge, Suspension bridge, Half-timbered house, Force system, Arched structure, Streetlights, Stool)

Highlights: You'll also find really famous buildings like the Tower Bridge from London and the Eiffel Tower from Paris!

MARBLE COMPETITION

Age: 8+ **Pieces:** 697

Models: 3

Highlights: Play alone or in a team. Pick one of the colorful balls and send it racing for you over the new, wide flex rails. Obstacles that you set can stop the balls of your opponents & the balls overtake each other! Ready, set, GO!

*from July

SMARTTECH RX

Age: 10+ **Pieces:** 530

Models: 9 (Optical illusion, Twilight switch, 2-wheeled robot, Advanced 2-wheeled robot (with sensors), Dancing robot, Forklift, Ball robot, Omniwheels Base Model, Omniwheels with track and gesture sensor)

Highlights: With the new RX Controller, this Smarttech is now also programmable with our Robo Pro Coding software! Other highlights are the Omniwheels, track sensor & RGB gesture sensor and the new battery holder for 6 AA cells.

**new delivery date: November (due to the still very tense situation on the procurement market, we are unfortunately not able to bring this kit to the market earlier. Please check our website again in autumn).*

Age 5+

Pieces: 55

Models: 3 (Lilly, Bob & Gerry - the three robots can also follow tracks and recognize obstacles!)

Highlights: Motors and sensors ready mounted in the chassis, simple assembly steps, TEACH-IN function, manual control of the models via smartphone and tablet or own programming in the FIRST CODING APP

EARLY CODING

SALE THE DATE!

Finally, it's that time again - after a two-year break from events, we're meeting again! We can hardly wait to welcome you again in Waldachtal, so we would like to invite you to join us this year in december for a

OPEN DAY!

On **DECEMBER 3, 2022 FROM 10 AM TO 4 PM** you will have the opportunity to get a LIVE insight into the fischertechnik world directly at our location in Waldachtal-Salzstetten. In addition to our popular warehouse sale in the run-up to Christmas, we have come up with a cool program for you - and what would such a program be without a **model show**? Would you also like to present your favorite model to everyone on this day? No matter if your models are funny, extraordinary, simple, complex, big or small - we are looking forward to your participation! Take the opportunity to get in contact with the other exhibitors. If you would like to be an exhibitor, send us the following information by August 15th, 2022 to info@fischertechnik.de (subject: „Model Show“):

First name & last name / Street & No. / Zip code & city / Country / E-mail address / Telephone number / Number of accompanying persons (not exhibitors) / Space required (LxWxH) / Number of models & model name(s) / Power requirements (number of sockets)

>> Time to set up your models is on Saturday, December 3, from 08:00 - 09:30!

Register quickly - space is limited! Limited parking spaces are available. We are already looking forward to a great day with you. Due to the prevailing pandemic situation at that time, we unfortunately have to cancel the event at short notice.

Please check our website before your arrival. There we will inform you in case of a cancellation!

NEW NEW NEW NEW

DID YOU KNOW...

...that with every wave of new releases, the new individual parts that these kits contain can also be seen on our website? Take a look and discover which parts are still missing in your collection:

Thanks a lot for the interesting and funny models you sent us again! You are creative and hardworking and often build your own models? You are also fit without building instructions and construct different models just "free will"? You always have really cool model ideas? It would be a pity if nobody but you sees them! Just send us a picture of your self-made model to

info@fischertechnik.de

We always show a small selection of models here in the Fan Club News. So: Go for the building blocks!

FUN!

CAN YOU FIND THE 5 MISTAKES* IN THE SECOND PICTURE?

*Hill has two peaks / A worm has hidden in the hill / The helicopter pilot is missing an eye / A tuft of grass grows under the lake / The cab of the fire truck looks different in the front

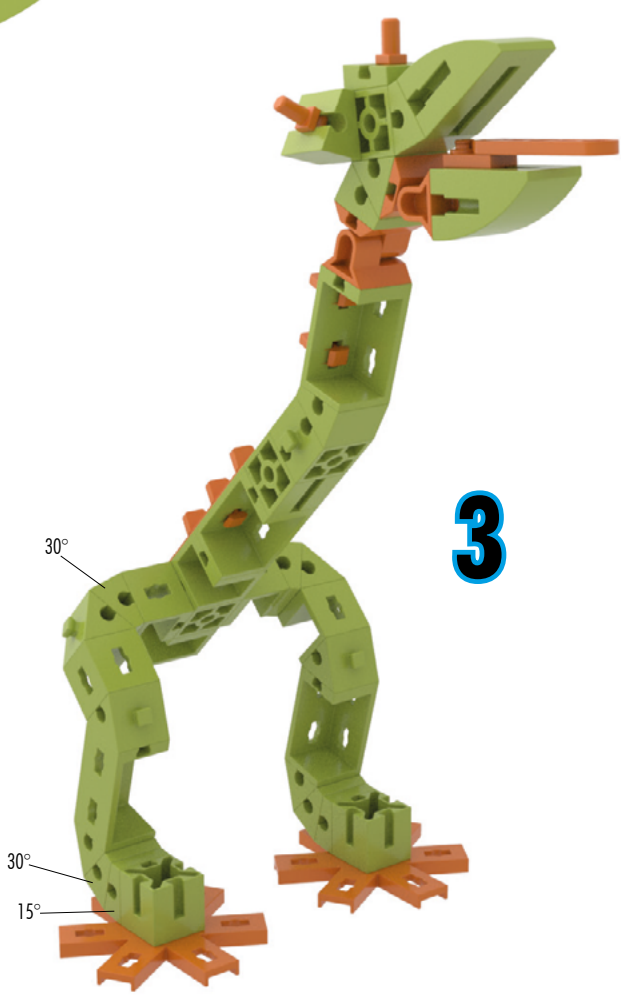

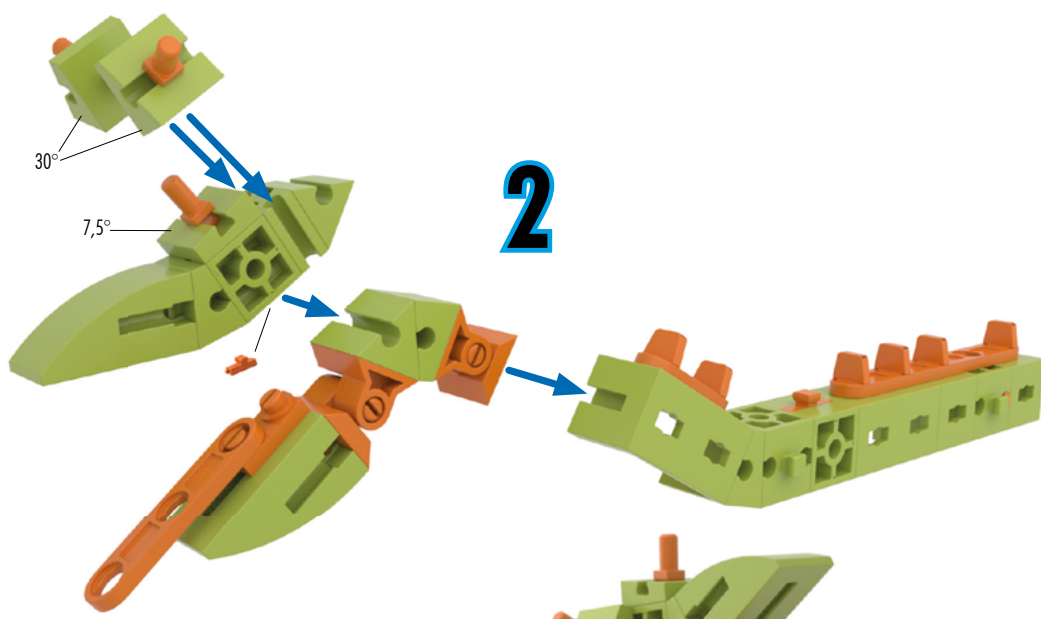

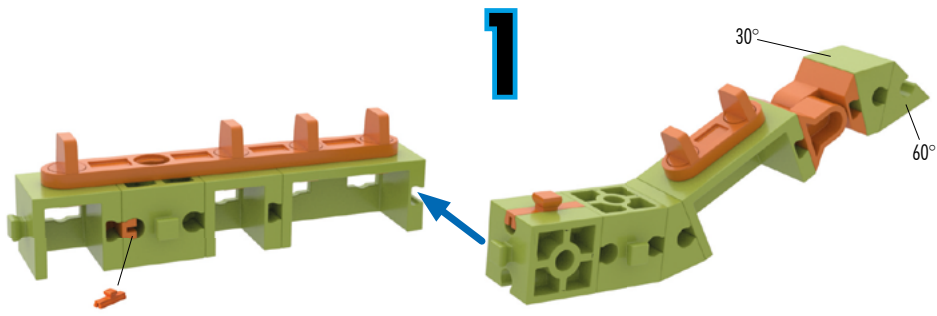

FAN CLUB MODEL

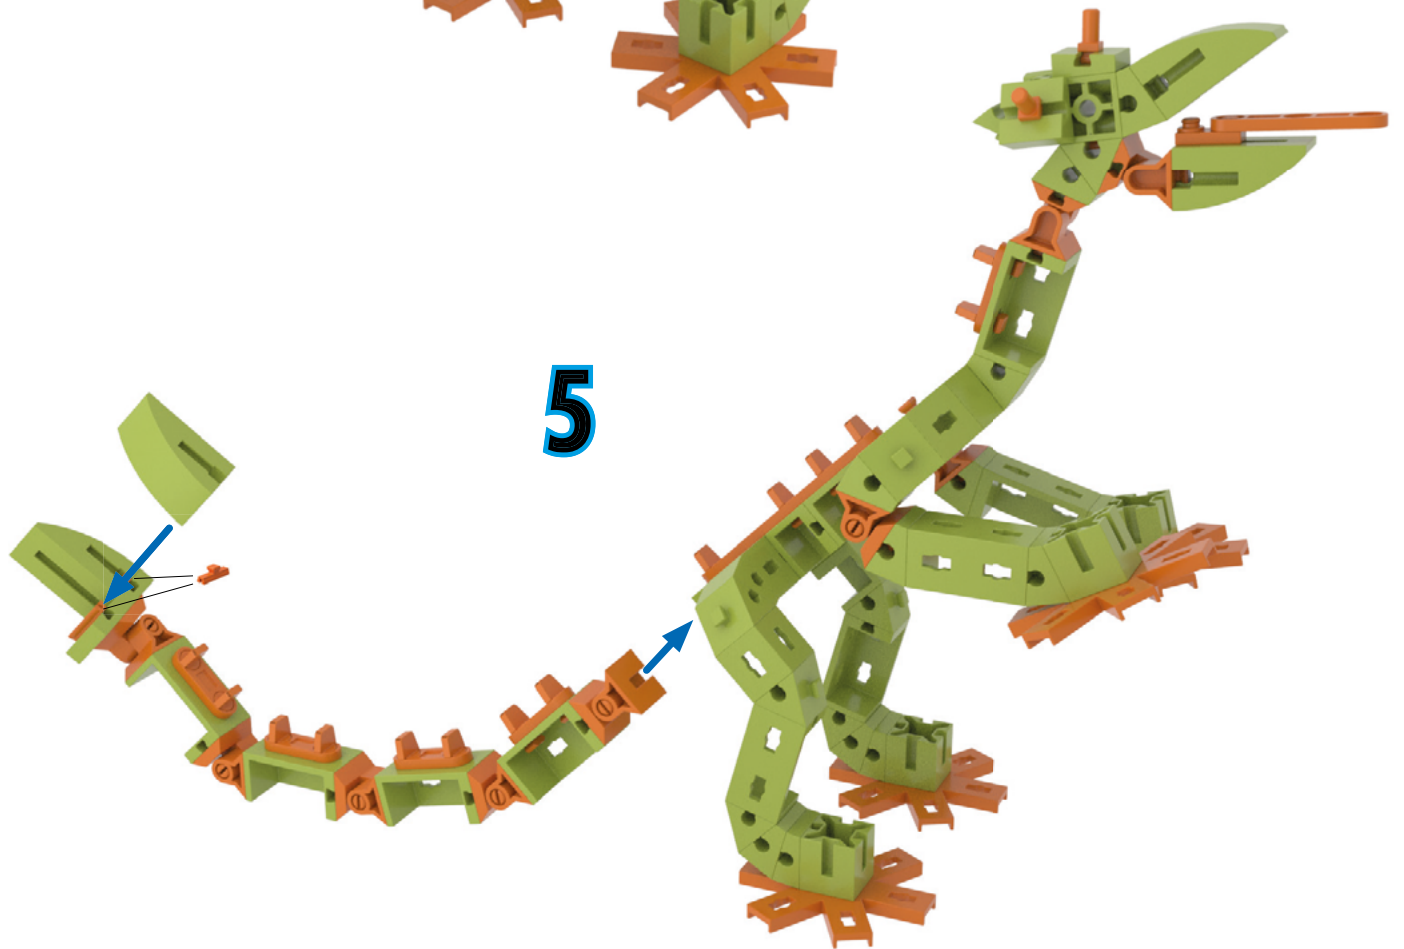

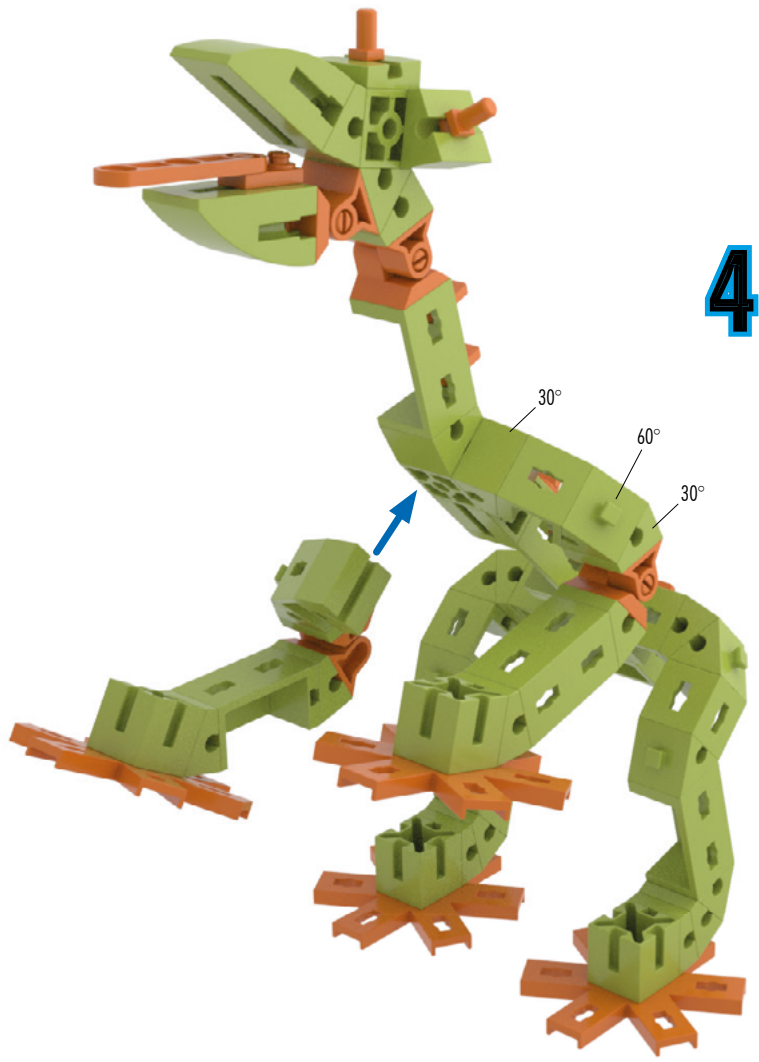

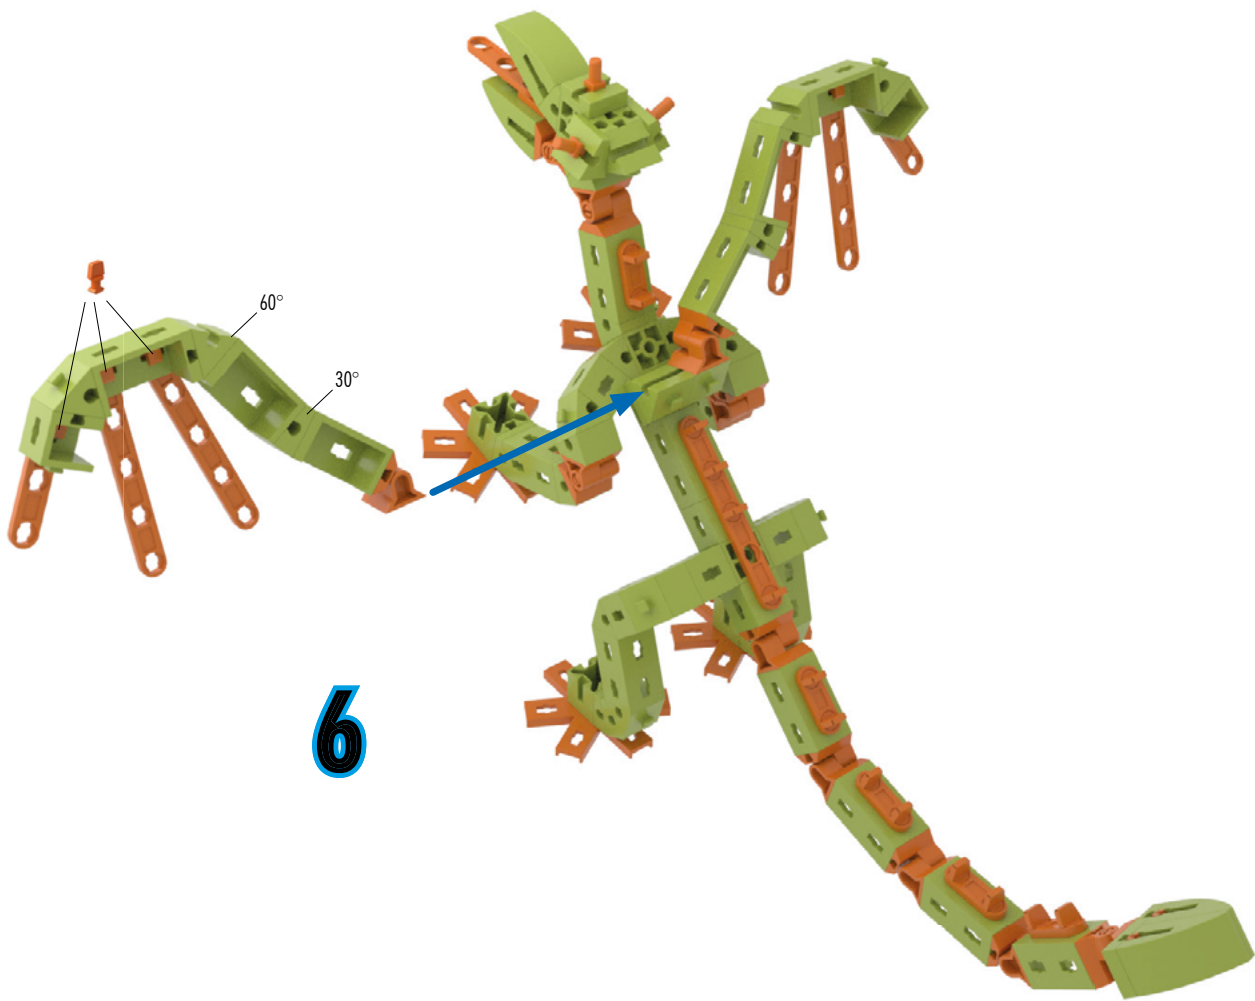

NO.60
COLLECTIBLES

*On the previous pages you have already met the five Animal Friends - with this building instruction it is even one more: The cool **DRAGON** also wants to be with you!*

Henry the horse, Cleo the cat, Sammy the spider, Larry the lizard and Sandy the scorpion - you can bring these five friends home with the Animal Friends construction kit. And what do you call your new friend the dragon? Danny? Debby? I'm sure you can think of a suitable name! Everyone knows dragons as mythical creatures from myths, legends and fairy tales, and you can probably think of a few movies and stories in which you have already met a dragon. Did you know that people thought that dragons really existed until modern times? That was only 500 years ago...
